Welcome to Northwest Missouri State University! The Northwest Professional Education Unit (PEU), a team of faculty and staff who prepare teacher, counselor and leader candidates, is pleased to welcome the visiting team members from the Association for Advancing Quality in Educator Preparation (AAQEP) and the Missouri Department of Elementary and Secondary Education (DESE) to our campus for a site visit with review of our self-study.

Northwest has a rich tradition (since 1905) of preparing teachers and leaders for the region and America's schools. We take pride in our legacy of preparing outstanding educators to support students and the needs of our P-12 school partners while embracing opportunities to continue our evolution. We value improvement. We also value the accreditation process, which provides our students, school partners, program leaders, and the public with evidence that Northwest's educator, leader, and counselor education programs collect and use data, systematically to analyze and share information to create opportunities to improve our programs and practices. We embrace the continuous improvement cycle and look forward to insights and suggestions from accreditation team members regarding our programs and processes. Our goal is always to help our candidates and completers improve. Northwest is deeply engaged in enhancing the learning environment for the P-12 classrooms and district partners we serve.

Northwest faculty and leaders are proud to be early adopters and key contributors to the development and implementation of the AAQEP framework and standards, and are thrilled to work with peer reviewers who can give us insight on strengths and opportunities for potential improvement.

Thank you for this opportunity to interact, collaborate and benefit from your observations and recommendations. Thank you for your service and volunteering your time.
