Distributions from pensions, annuities, and other similar accounts are usually reported to you on IRS Form 1099-R. Federal Regulations state that if you receive a lump-sum distribution, you can roll over the distribution into another qualified retirement plan or IRA and retain the tax-deferred status. When you used the IRS Data Retrieval Tool (DRT) when completing the FAFSA, you indicated that you had a rollover. Complete this form to provide the rollover information and documentation to our office.

Please complete this form if all or some of an IRA or Pension has been rolled over. Untaxed IRA distributions are calculated using the difference between lines 15a and 15b of IRS form 1040 or lines 11a and 11b of IRS form 1040A. Untaxed pension/annuity distributions are calculated using the difference between lines 16a and 16b of IRS form 1040 or lines 12a and 12b of IRS form 1040A. Please review your individual tax return, complete the table below, and send the completed form to our office **after attaching the 1099 and/or investment documents confirming the rollover.**

Distribution Type	Total Amount	Taxable Amount	Untaxed Amount	Amount of Untaxed Portion Reinvested

**Please remember, we are unable to process this form unless a 1099 and/or other investment documents are attached to confirm the rollover.**
