A Message from Human Resources at Northwest Missouri State University

Northwest Missouri State University is an exceptional university because of the dedication of our faculty and staff who work hard to fulfill our mission of focusing on student success—every student, every day. We understand the contribution each employee makes to our success, and so our goal is to provide a comprehensive program of competitive benefits to attract and retain the best employees available. Through our benefits programs we strive to support the needs of our employees and their dependents by providing a benefit package that is easy to understand, easy to access and affordable for all our employees. This brochure will help you choose the type of plan and level of coverage that is right for you.

In 2025, we are pleased to announce no changes to vision or life insurance plans. Changes to health and dental insurance for 2025 are summarized below; detailed information is included within this brochure.

- The deductible on the Qualified High Deductible Health Plan will increase from \$3,200/\$6,400 to \$3,300/\$6,600 in order to remain compliant with IRS guidelines for high deductible plans.
- The coverage level for Basic dental services will increase from 70% to 80% for dentists in the Premier network with Delta Dental.

Our benefit consultant, USI, negotiated a 1.9% increase to health insurance rates for 2025. The University will absorb the 1.9% increase, and there will be no change to health insurance rates for employees in 2025.

In 2025, we will continue the annual primary care provider preventive visit and labs for employees on our health plan. Preventive care is routine healthcare that includes screenings and labs to help prevent illness, disease or other health problems. Along with a healthy lifestyle, taking basic preventive care steps can immensely improve your health in the future and reduce healthcare costs.

Eligibility

Eligible Employees:

You may enroll in the Northwest Missouri State University Employee Benefits Program if you are a full-time, regular employee working at least 30 hours per week.

Eligible Dependents:

If you are eligible for our benefits, then your dependents are too. In general, eligible dependents include your spouse and children up to age 26. Your spouse is not eligible for coverage if they have access to coverage through their own employment. If your child is mentally or physically disabled, coverage may continue beyond age 26 once proof of the ongoing disability is provided. Children may include natural, adopted, step-children and children obtained through court-appointed legal guardianship.

When Coverage Begins:

The effective date for your benefits is January 1, 2025. All elections are in effect for the entire plan year and can only be changed during Open Enrollment, unless you experience a family status event.

Open Enrollment:

With few exceptions, Open Enrollment is the only time of year when you can make changes to your benefits plan. All elections and changes take effect on the first day of the plan year. During Open Enrollment, you can:

- Add, change, or delete coverage
- Add, or drop dependents from coverage
- Enroll, or re-enroll in dependent or health care flexible spending accounts. To continue your FSA benefits, you must re-enroll each plan year.

If you do not make your 2025 benefit elections, you will automatically be defaulted to your prior year elections, except for the FSA. The FSA will default to (\$0) elections if you do not re-enroll through the MO Cafeteria plan website.

Note: Some states (currently, California, Massachusetts, New Jersey, Rhode Island, Washington D.C., and Vermont) may impose a tax on residents who do not have health insurance coverage, subject to limited exceptions.

Family Status Change:

A change in family status is a change in your personal life that may impact your eligibility or dependent's eligibility for benefits. Examples of some family status changes include:

- Change of legal marital status (i.e., marriage, divorce, death of spouse, legal separation)
- Change in number of dependents (i.e., birth, adoption, death of dependent, ineligibility due to age)
- Change in employment or job status (spouse loses job, etc.)

If such a change occurs, you must make the changes to your benefits within 30 days of the event date. Documentation may be required to verify your change of status. Failure to request a change of status within 30 days of the event may result in your having to wait until the next open enrollment period to make your change. Please contact HR to make these changes.

Health Savings Account (HSA)

If you are enrolled in the QHDHP + HSA, you will have HSA funds deposited into your HSA account on your behalf from Northwest Missouri State University.

For employees in the lower two salary bands, NWMSU funds your Health Savings Account in two installments. NWMSU will distribute the first \$500 contribution in January and the second \$200 contribution in September.

For employees in the higher two salary bands, NWMSU funds your Health Savings Account in two installments. NWMSU will distribute the first \$250 contribution in January and the second \$150 contribution in September.

Tax-Free \$\$\$ for Qualifying Expenses

- Set aside, grow and spend tax advantaged money on qualified healthcare expenses such as out of pocket medical, dental and vision expenses and prescriptions.
- This is a savings account because the money you or your employer sets aside stays with you even if you leave your job
- Whether you leave your job or can no longer contribute into the HSA, the money stays with you and can continue to be used tax-free on qualifying expenses (IRS tax liability is on the individual)
- Contributions can be made via pre-tax payroll deductions or post-tax contributions from a personal bank account. Tax benefit from post-tax contributions is refunded with tax return. Contribution elections can change at any time and can be made for tax year up to tax deadline.
- Maximums are per tax year and depend on coverage. If you are 55 and over, you can contribute an additional \$1,000 each eligible year

| 2025 HSA Contribution Limits | |
|--|--------------------|
| Self-Only | \$4,300 |
| Family | \$8,550 |
| Catch-up contribution (individuals age 55 or older) | Additional \$1,000 |

- Unused funds rollover from year to year and can be reimbursed for previous QME, back to the start of the HSA (no limit)
- You must be enrolled in an IRS defined, Qualified High Deductible Health Plan
- You cannot have other health care coverage, including Medicare, Tricare or a spouse's health plan (unless it is a HDHP)
- Neither you or your spouse can be enrolled in a Traditional FSA or have a positive balance during the FSA grace period.

Flexible Spending Accounts (FSA)

The Flexible Spending Account (FSA) plan with ASIFlex allows you to set aside pre-tax dollars to cover qualified expenses you would normally pay out of your pocket with post-tax dollars. There are three types of Flexible Spending Accounts:

1. The Traditional FSA allows you to set aside money for out-of-pocket medical expenses such as copays, coinsurance, deductible, dental/vision expenses, and prescriptions for you, your spouse, and any of your tax dependents, even if they are not on Northwest's health insurance plan.
2. The Limited Scope Dental/Vision FSA allows you to set aside money for only out-of-pocket dental/vision expenses if you are enrolled in a Health Savings Account. If you are enrolling in the Qualified High Deductible Health Plan with a Health Savings Account, you CANNOT participate in the traditional Flexible Spending Account for Medical Expenses but can contribute to the Limited Scope FSA.
3. The Dependent Care FSA is typically used for day care expenses for children under the age of 13.

How an FSA works:

- Choose a specific amount of money to contribute each pay period, pre-tax, to one or both accounts during the year.
- The amount is automatically deducted from your pay at the same level each pay period.
- As you incur eligible expenses, you may use your flexible spending debit card to pay at the point of service **OR** submit the appropriate paperwork to be reimbursed by the plan.

Important rules to keep in mind:

- The IRS has a strict "use it or lose it" rule. If you do not use the full amount in your FSA, you will lose any remaining funds at the end of the calendar year.
- Once you enroll in the FSA, you cannot change your contribution amount during the year unless you experience a qualifying life event.
- You cannot transfer funds from one FSA to another.
- You cannot use FSA funds to reimburse employer paid HRA benefits.

Please plan your FSA contributions carefully, as any funds not used by the end of the year will be forfeited. Re-enrollment is required each year.

| Maximum Annual Election | |
|-------------------------|--|
| Health Care FSA | \$3,200 |
| Dependent Care FSA | \$5,000 (single) \$2,500 (married filing separate) |

How to Enroll:

All employees should enroll online at <https://enroll.asiflex.com/select020.aspx> using Employer Code: MO. You may use the online form to make any of your elections or to opt out of the premium pre-tax savings.

IMPORTANT: Cafeteria Plan enrollment must be completed by Dec. 1. Re-enrollment is required each year.

Premium Formulary

The Premium formulary encourages members to use lower- cost alternatives through exclusions and prior authorization.

A successful pharmacy benefit effectively balances quality, medication access and affordability. The Premium formulary offers an enhanced savings strategy that leverages exclusion capabilities with manufacturers to reduce costs, maintain therapeutic choices and promote lower-cost alternatives.

Provide program options with savings

The Premium formulary is an open formulary with select exclusions to drive value that has mandatory utilization management in select drug categories.

- Tier 1 – Includes all generic medications
- Tier 2 – Commonly used brand medications
- Tier 3 – Consists of higher-cost brand medications

Specialty medications, including injectables, are tiered based on the Specialty Pharmacy List and may fall within any of the above tiers.

Improve Savings

The program excludes over 450 medications from benefit coverage. By removing these medications, Blue KC can negotiate better discounts for quality medications used to treat the same condition. This ultimately results in lower overall health care costs while maintaining affordable medication options for members.

Clinically driven formulary decision process

Blue KC uses a clinically driven formulary decision-making approach that looks at individual therapy classes and makes decisions based on lowest overall cost. a. Our modular approach to formulary management allows us to offer a strategy that makes the most sense for your organization. In turn, this helps maintain affordable medication options for members.

Medications undergo a rigorous independent clinical review and financial evaluation process before they can be excluded. Medications may be considered for exclusion if they are deemed therapeutically equivalent, in the same class as a clinically similar product on the formulary or demonstrates no unique therapeutic benefit relative to other alternatives. As new clinical information is introduced, prices shift, or other dynamics change, excluded medications may be re-evaluated for coverage.

The New Drugs to Market program is also required when choosing the Premium formulary. Excluding medications at their market launch allows for appropriate review of evidence and overall clinical value when compared to other alternatives. This helps avoid disruption, so members do not begin new medications that become permanently excluded.

Utilization management options

Utilization management (UM) programs help further promote quality and savings opportunities, especially when offered with the Premium formulary. We offer a broad range of options to support clinical decisions and focus on positive health outcomes.

The Premium formulary encourages members to use lower-cost alternatives through exclusions and prior authorization.

NEWBORNS ACT DISCLOSURE - FEDERAL

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

NOTICE OF SPECIAL ENROLLMENT RIGHTS

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Further, if you decline enrollment for yourself or eligible dependents (including your spouse) while Medicaid coverage or coverage under a State CHIP program is in effect, you may be able to enroll yourself and your dependents in this plan if:

- coverage is lost under Medicaid or a State CHIP program; or
- you or your dependents become eligible for a premium assistance subsidy from the State.

In either case, you must request enrollment within 60 days from the loss of coverage or the date you become eligible for premium assistance.

To request special enrollment or obtain more information, contact the person listed at the end of this summary.

STATEMENT OF ERISA RIGHTS

As a participant in the Plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 ("ERISA"). ERISA provides that all participants shall be entitled to:

Receive Information about Your Plan and Benefits

- Examine, without charge, at the Plan Administrator's office and at other specified locations, the Plan and Plan documents, including the insurance contract and copies of all documents filed by the Plan with the U.S. Department of Labor, if any, such as annual reports and Plan descriptions.
- Obtain copies of the Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.
- Receive a summary of the Plan's annual financial report, if required to be furnished under ERISA. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report, if any.

Continue Group Health Plan Coverage

If applicable, you may continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You and your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the Plan for the rules on COBRA continuation of coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for participants, ERISA imposes duties upon the people who are responsible for operation of the Plan. These people, called "fiduciaries" of the Plan, have a duty to operate the Plan prudently and in the interest of you and other Plan participants.

No one, including the Company or any other person, may fire you or discriminate against you in any way to prevent you from obtaining welfare benefits or exercising your rights under ERISA.

Enforce your Rights

If your claim for a welfare benefit is denied in whole or in part, you must receive a written explanation of the reason for the denial. You have a right to have the Plan review and reconsider your claim.

Under ERISA, there are steps you can take to enforce these rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 per day, until you receive the materials, unless the materials were not sent due to reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, and you have exhausted the available claims procedures under the Plan, you may file suit in a state or federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose (for example, if the court finds your claim is frivolous) the court may order you to pay these costs and fees.

Assistance with your Questions

If you have any questions about your Plan, this statement, or your rights under ERISA, you should contact the nearest office of the Employee Benefits and Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits and Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210.

Important Notice from Northwest Missouri State University About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Northwest Missouri State University and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. Northwest Missouri State University has determined that the prescription drug coverage offered by the BlueCrossBlueShield Medical Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0990. The time required to complete this information collection is estimated to average 8 hours per response initially, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Northwest Missouri State University coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current Northwest Missouri State University coverage, be aware that you and your dependents will be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Northwest Missouri State University and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2024. Contact your State for more information on eligibility –

Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 12-31-2026)

PART A: General Information

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace (“Marketplace”). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn’t meet certain minimum value standards (discussed below). The savings that you’re eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.12%¹ of your annual household income, or if the coverage through your employment does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee’s cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.12% of the employee’s household income.¹²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based

¹ Indexed annually; see <https://www.irs.gov/pub/irs-drop/rp-22-34.pdf> for 2023.

² An employer-sponsored or other employment-based health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the “minimum value standard,” the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

coverage. Also, this employer contribution -as well as your employee contribution to employment-based

coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services **is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.**

Marketplace-eligible individuals who live in states served by HealthCare.gov and either - submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based

health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.

How Can I Get More Information?

For more information about your coverage offered through your employment, please check your health plan's summary plan description or contact

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. PART B: Information About Health Coverage Offered by Your Employer
